

# Diane Ritz

USDF Gold, Silver and Bronze Medalist

At

CS&W Farms

April 28 & 29, 2018

I am pleased to announce a clinic at CS&W Farms with Diane Ritz. I have known Diane for many years. She does not get to this area very often so take advantage of this opportunity. Whether you are an event or dressage rider Diane will help you with any issues you are having or work on your tests.

Diane is the head dressage instructor at Hidden Spring Farm in Monroe, NC. She enjoys working with all levels and encourages a fun yet safe approach to bringing the best out of each horse and rider. Diane has earned her USDF bronze, silver and gold medals as well as a 5 star rating as a dressage rider and trainer.

Diane has a background in eventing although she has been focusing on Dressage for the past 20 years. She has worked with Bo Jena, Anne Gribbons, Chris Hickey and many others to help create a well rounded and balanced approach to training. As a teacher, Diane has a knack for helping riders understand WHY things are working (or not working!) which is key for their future development as a thoughtful and successful team!
